

## Did You Take This Trade? APOL

We issued a trade trigger email alert for Apollo Group (APOL) to our paying [subscribers](#) as it was triggering a short-sell trade by crossing over the pink pullback off lows trend line after forming a double top. This is a classic Change In Trend short-sell pattern.

### SUBSCRIBERS ALERTED TO THIS TRADE SET-UP

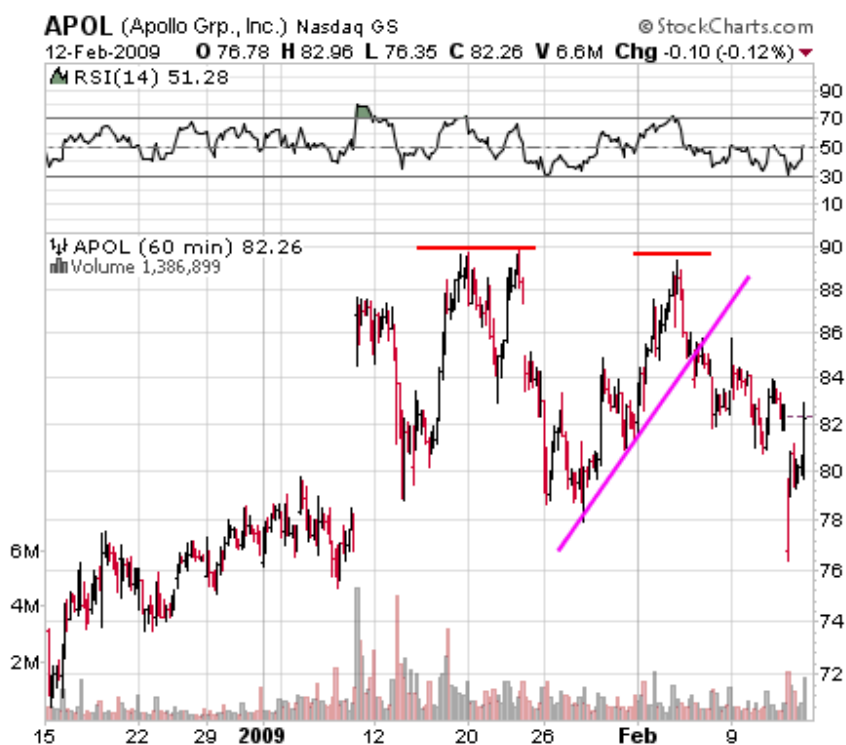

As soon as the trade triggered, our paying [subscribers](#) received a Trade Trigger email alert notifying them that the trade was triggering and that we were initiating a short-sell trade of 150 shares at \$84.97.

### SUBSCRIBERS LOCKED IN GAINS OF \$1,269 THIS MORNING!

Our paying [subscribers](#) received a Locking In Gains email alert as we were locking in gains at \$76.51 for a total gain of \$1,269! Just one trade like this a week is going to take your portfolio

places.

Don't miss the next trade. [Subscribe](#) today!

*"I like your newsletter. It comes with current education on the market and stocks, complete with emailed alerts on buy and sell short triggers as well as when you close the positions. This helps me a lot in the thought process and education,"*

*Craig -- San Francisco, CA*

Here's why you should [subscribe](#):

- Receive a newsletter each weekend and Wednesday evening with a summary of the market activity, an update on our current positions and performance and most importantly, a watch list of stocks poised to potentially deliver strong short-term gains.
- Receive a Trade Trigger email alert as soon as one of the stocks on our watch list triggers a trade
- Receive a Locking In Gains/Stop Loss email alert as soon as we are locking in gains in a stock we are holding -- or if our stop loss is hit.
- Receive an email alert when a new stock has completed a set-up poised to potentially deliver significant short-term gains
- A true market partner helping you develop and execute a solid trading plan delivering consistent profits to you
